ATTENTION TAXPAYERS

Remember the call to Mass Meeting January 14 at 10 A. M. This meeting is called to consider spending four hundred and eighty thousand dollars ($480,000.00) for School Building program which it is claimed will make neces ary a tax increase of $1.00 per hundred valuation for thirty years. We all want good schools - But the question is do we think it wise at this time of the highest cost of building in the history of our nation to take on a dose this big? I feel this matter should be studied well and from every angle before approving this program. Your Supervisors invite you to come and let them know how you feel about it and I am taking this way to urge you to come and let your neighbors know and come so that the wise course may be adopted and you should speak now or forever hold your peace. Yours sincerely,

A. R. HARWOOD

Uncle Sam Says

How many things have you had to forego because you did not save up money to pay for them? Perhaps in your own experience you muffed an unusual opportunity to get ahead or to make a dream come true. You simply didn't have enough money. Millions of Americans are buying Savings Bonds either on the partial payment plan where they work or on the Bond-A-Month Plan whereby your bank deducts the full amount of a Bond monthly from the money you have on deposit. They will be ready for opportunities, but how about you? *U. S. Treasury Department*

Three Scolds Go on Record; Sisters Get Jail Sentences

PITTSBURGH, PA. — A phonograph record and a rarely invoked law were combined to bring jail sentences to three sisters, charged with being "common scolds."

Helen Znosko, 35, and her sister, Betty, 36, of West Natrona, were given 10 to 22 months in Mercer Industrial Home for Women, while the third sister, Josephine, 23, drew three months in the county jail.

The phonograph record — played in the courtroom—was produced by Francis Pastor Jr., who said it was made by means of a recording machine in the doorway of the Pastor home during an argument involving the three sisters and Pastor's father over shrubbery.

The elder Pastor charged the sisters used "vile and abusive remarks."

The charge of "common scold" can be brought against women only.

Woman's Pleas Saves Masher From Digging Up $25 Fine

MILWAUKEE, WIS. — It almost cost Wenceslaus Blaha $25 to learn not to invite a lady for a ride unless properly introduced.

Mrs. Marcella Breitzman, 33, testified in court that Blaha tried to pick her up. When Judge Harvey L. Neelen imposed a $25 fine, Mrs. Breitzman said:

"Go easy on him, judge. Lots of men try to pick me up. I think he's learned his lesson. Besides, he's got a wife and four children."

Blaha commented that Mrs. Breitzman had looked familiar and he was only trying to be friendly. He added that he had told his wife about the incident.

The judge rescinded the fine.

Robber Finds Policemen Are Not Good Targets

NEW YORK. — As Jerry Sullivan and Andrew Langert stepped from their automobile, a man approached and asked for a cigaret.

Sullivan obliged, even lighting the cigaret for him. The man pulled a pistol from his shirt and jammed it against Sullivan's stomach. Langert whirled, knocked him down with a quick blow between the eyes and took the pistol.

The man was identified as Mike Gill, 36, and was charged with felonious assault and illegal possession of a pistol.

The men he tried to hold up are New York City detectives.

Bowery Tires of Its Bums; Farm Colony Is Suggested

NEW YORK.—The Bowery is getting tired of its bums.

Through its Bowery improvement committee, the East Side chamber of commerce has suggested to Mayor William O'Dwyer that a city commission consider establishing a farm colony "somewhere upstate" to which the Bowery's chronic alcoholics would be sent for a cure.

"This action," said Wilfred B. Kirk, committee chairman, "would materially reduce the disgraceful condition on the Bowery, where the three-times-daily police pick-up of drunks seems like a continuous excursion."

Wearing Action of Water Cuts Topsoil Three Inches

WASHINGTON. — When John Smith and Miles Standish came to these shores, the topsoil averaged about nine inches in depth. Today, due to the ripping and wearing action of water and wind on unprotected land and to the removal of organic matter—the result of land abuse—top-soil averages about six inches in depth for the nation as a whole. "In some places it is all gone," said Secretary of Agriculture Anderson.
